Subject: BCLTA - Spirit of BC Week 2007 - Further Details Now Available

To: Library Board Chairs and BCLTA Liaisons (Apologies for cross-postings.)

Further to our initial email on December 20th, we now have additional information regarding Spirit of BC Week that is coming up February 9th - 17th and we are passing along a bulletin that was recently sent to all BCLA members.

Spirit of BC Week is an excellent opportunity to partner with other organizations for the celebration of your community. We encourage you to discuss ideas and opportunities for your library's participation with your Library Director.

Sincerely,
Lawrence Lavender
President - BC Library Trustees' Association

Subject: [BCLA-List] FW: Spirit of BC Week 2007

- > Literacy Now has partnered with the BCLA to encourage libraries to
- > participate in their local Spirit of BC Week 2007 celebration and in turn,
- > help promote local appreciation of their community's library resources.
- >
- > Libraries and literacy organizations are encouraged to find ways to link
- > with their community's Spirit of BC Week celebrations. Spirit of BC Week
- > follows shortly after Family Literacy Week in BC so it provides an
- > opportunity for communities to connect these important concepts. Libraries
- > are invited to create special one day or "all week" special events or
- > promotions, such as a Family Story Time; or by tagging an already-scheduled
- > event such as a workshop or book drive. Libraries have the flexibility in
- > choosing the day and time of the event during the Spirit of BC Week.
- >
- > Attached is a word document containing information regarding Spirit of BC
- > Week 2007 and an application for funding related to the Spirit of BC Week
- > initiatives.
- >
- > Applications will be accepted between Jan 17 and Jan 19 on a "first come
- > first served" basis -and with the confirmation coming by Jan 19 and no later
- > than Jan 23 (the later date corresponding to the later application etc.)
- >
- > If you have any questions please contact Michael Shoop at the coordinates
- > provided below:
